Editorial Note

I am pleased to introduce Journal of Aesthetic and Reconstructive surgery (IPJARS) a rapid peer reviewed and open access Journal which have a key concerns over the principle of this journal is to provide the scientific developments and advanced clinical techniques in surgery procedures involved in aesthetic and reconstructive surgery, apart from the providing information it also participated in panel discussions and practice forum with eminent personalities. I am pleased to announce that, all issues of volume 5 were published online well within the time and the print issues were also brought out and dispatched within 30 days of publishing the issue online during the year of 2019.

The Journals aims to flourish and to maintain the standards in research and practice, provide platform and opportunity to present evidence based in panel discussions, conferences and research articles and most part dedicated to surgeons to get to know the topics in cosmetic surgery, bariatric surgery and breast surgery etc.

All published articles of this journal are included in the indexing and abstracting coverage of Google Scholar, China National Knowledge Infrastructure (CNKI), Directory of Research Journal Indexing (DRJI), Geneva Foundation for Medical Education and Research, Secret Search Engine Labs and WorldCat.

During the calendar year of 2019 , IPJARS received a total of 10 manuscript, out of which 3 articles (30%) were rejected in the preliminary screening due to plagiarism or being out of the format and peer review process. During 2019 around 5 articles were subjected for publication after they are accepted in the peer review process. In the 2 issues of Volume 5 published during the year 2019, a total of 5 articles were published (at an average of 2 articles per issue) of which, articles were published from authors all around the world. Globally articles have been accessed by the research scientists and also cited.

During the calendar year 2019, a total of two Editors, seven Reviewers joined the board of IPJARS and contributed their valuable services towards contribution as well as publication of articles, and their valuable reviewer comments will beneficial to publish quality of article in the Journal.

I take this opportunity to acknowledge the contribution of (Dr. Johannes G Matiasek) during the final editing of articles published and the support rendered by the editorial assistant, in bringing out issues of IPJARS in time. I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of IPJARS, the office bearers for their support in bringing out yet another volume of IPJARS and look forward to their unrelenting support to bring out the Volume 6 of IPJARS in scheduled time.
